

# ASPHALT MIXING PLANT

## TSAP-3000FFW

SPECO LTD.

# THE FUTURE OF ASPHALT 斯貝柯的瀝青混凝土

## TSAP-3000FW.

FREE STANDING WITHOUT ANCHOR BOLT, LOW NOISE, HIGH EFFICIENCY, MULTI-FUNCTION TO MEET THE CUSTOMERS' REQUIREMENT

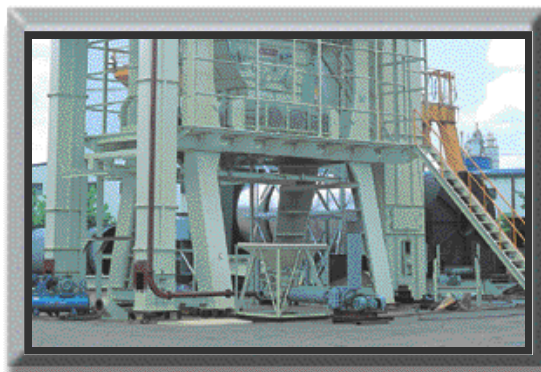

### AP / FREE STANDING MODULE 自由模塊式

가가

가

The tower is built up of pre-assembled at the factory on module and locked by special wedges. The crannage costs and commissioning times are reduced by free standing model without anchor bolts.

整臺設備在工廠裏進行預裝, 整機採用模塊式結構, 并用特殊機構固定. 由于采用了最新的無基礎式結構, 用戶在安裝時, 不用打基螺栓, 并可節省吊裝費用和縮短安裝時間.

### 5 / 5 DECK VIBRATING SCREEN 5層式振動篩

(Screen) 4

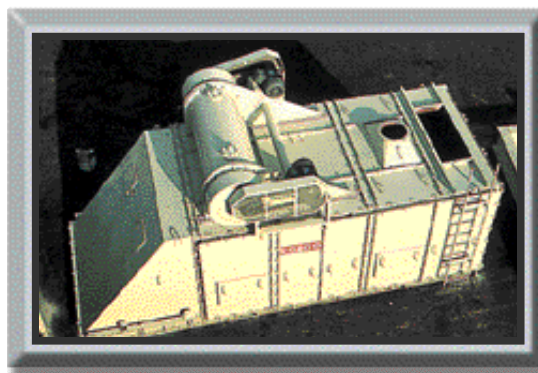

5

5가

ASCON

SPECO have supplied 4 decks screen and developed 5 decks. The meshes can be supplied to suit customers requirements to produce high quality asphalt mixture with 5 kinds of aggregate.

SPECO成功的向用戶提供了4層式和5層式的振動篩, 篩網可根據用戶的不同情況做不同的設計和制作. 在使用5種骨料的情況下, 生產出高品質的瀝青混凝土.

### 5 / HOT BIN 5 COMPARTMENT 熱料倉有5個倉

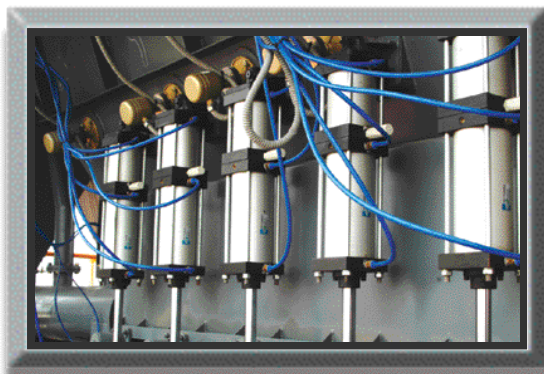

5

가

(3TON/B)

Newly developed 5 hot bins stores 5 kinds of aggregate and weighing system can secure the precise weighing of the aggregates.

最新設計的5隔式熱料倉, 可儲存5種骨料, 與稱量系統相配合, 保證骨料稱量的精確性.

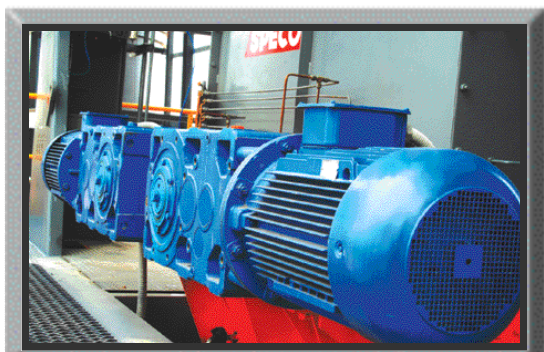

### / MIXER 3000 攪拌機3000

(3TON/B)

A/P

Newly developed 3 ton mixer has high efficiency mixing ratio and by the wide discharge gate, the mixing time is extended.

新設計的3噸攪拌機, 提供高效的攪拌效率. 由于卸料門的增大, 在不影響循環時間的前提下, 攪拌時間得以延長.

# NG PLANT IS WITH YOU 與的 的 將 來 息 息 自

斯貝柯 TSAP-3000FFW 型瀝青混凝土攪拌設備採用無基礎式即不用打地腳螺栓, 低噪音, 高效率, 多功能, 并能符合用戶的不同需求

## / DRYER干燥筒

(Dryer)

가

가

가

The aggregate is dried and heated in the rotating drum supported by 4 wheel driving. The drum is insulated and clad for energy saving. The flight design ensures maximum heat transfer and low noise.

骨料用4輪摩擦驅動的干燥筒烘干和加熱。干燥筒採用絕熱保溫結構, 以提高熱效率。內部葉片的設計保證高效的熱傳導和低噪音。

## / LOW NOISE BURNER

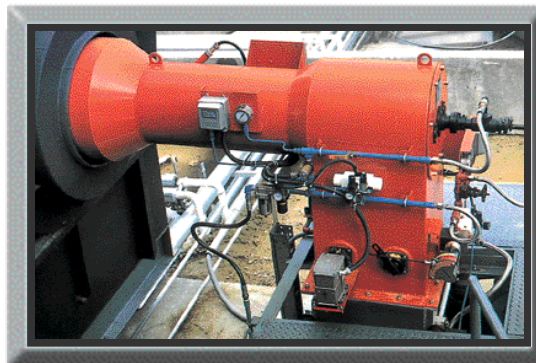

SPECO 3000

SYSTEM

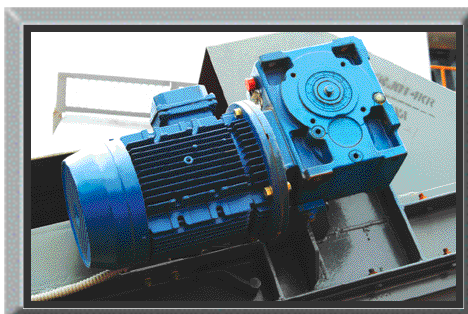

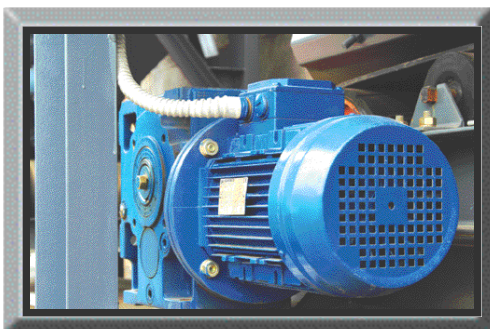

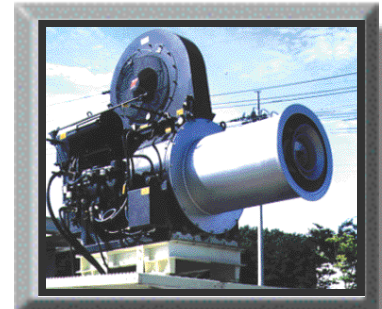

가

*SPECO 3000 low noise burner is designed to give high efficiency of fuel combustion to dry and heat the road aggregates at a lower noise level.*

SPECO 3000型低噪音燃燒器, 可在低噪音的情況下, 以最低的燃油消耗方式, 烘干和加熱骨料。

## 低 音 燃 燒 器

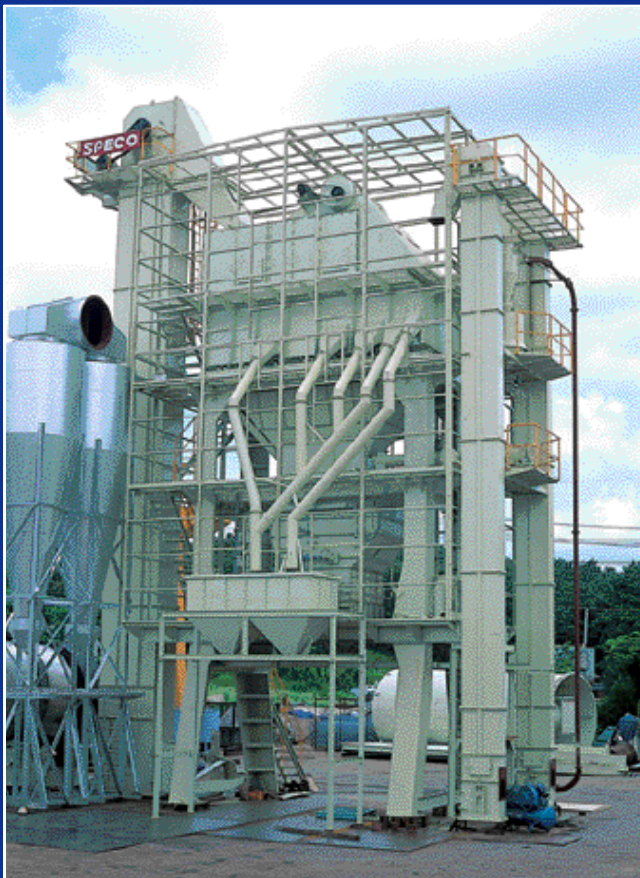

## Innovation for quality 技術革新, 保證品質

*SPECO'S reliability is built on firm foundation of technical experience, innovation, and quality. Now SPECO IS approaching to clients with new direct direct driver.*

- Direct drive by hollow shaft gearmotors gives you high driving efficiency, saving 10% energy.
- Smooth driving with low noise by no-chain & sprocket gives you almost no maintenance.
- No outside moving parts give you ultimate safety.

斯貝柯產品質量的可靠性基於豐富的技術經驗, (不斷的革新和優良的品質。斯貝柯為客戶帶來新的直接驅動方式  
· 行星擺線齒輪電機驅動 將為您帶來無以倫比的高效率并且有效節約能源達10%  
· 電機驅動平穩, 低噪音鏈條鏈輪, 幾乎無需維修  
· 無多余外置部件, 最大程度保證安全
